

# WAX

CINCINNATI

## BRAZILIAN WAX

### What are the benefits?

- You'll have less ingrown hairs and red bumps
- Your hair will grow in finer - you lose 50% of your hair growth, much like your eyebrows
- You don't get 'girl funk' with no hair
- Your pubic hair does not itch when it grows back in

### Pre-Appointment Preparation

- I need two weeks worth of regrowth - hair length should be the same size as a grain of rice (eyebrow length)
- Cleanliness is important, but I also have wipes on hand
- Pop an ibuprofen for pain about 45 minutes before your appointment
- Take a deep breath and relax - everything will be done in no time!

### Aftercare

- No sex for 24 hours
- The next night you should be good for some 'show and tell'!
- No itching or touching for 24 hours (besides washing)

Thank you for choosing and trusting me with your waxing services
